

## INTENDED USE

Universal INKO® Omega Tubing Bracket to be installed with a single bolt. Suitable for multiple M10 and M6 applications, including on Mekano®, Cable Ladder or directly fastened on steel using Hilti M10 threaded stud.

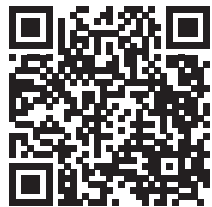

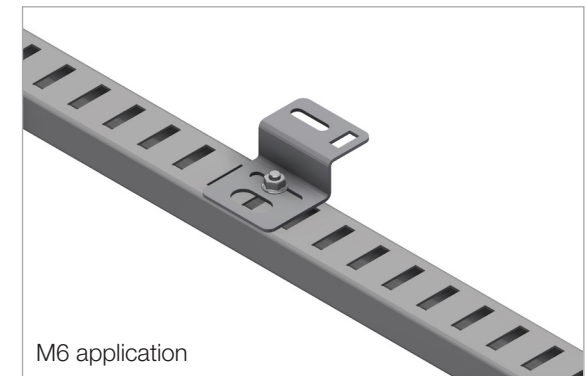

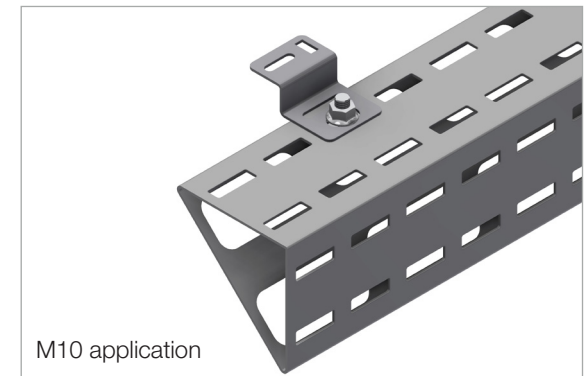

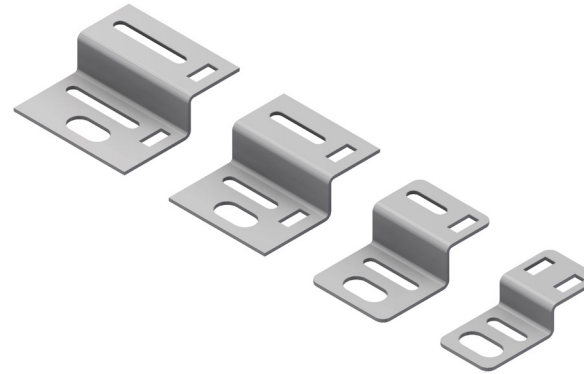

Bracket contains holes suitable for applications with M6 and M10 bolts.

## INSTRUCTION FOR USE

Fix the bracket to desired application using M6, M10 self-locking bolts, or using Hilti FoS M10 threaded studs. Adjust and tighten securely.

The INKO® Omega Tubing Clamps can then be fixed to the bracket.

See INKO® Omega user guide for fitting instructions. (ØI-RD-UG-EN-0058)
